## QUEST-2022 (2nd Edition)

Dear Parents,  
It gives me great pride when I look back to our history, our values and high academic standards our students have achieved. It is our constant endeavour to empower our students to become excellent human resources to contribute to the growth of New India.

Vivacity of our students, expertise of our staff and a strong desire to set further high standards for ourselves have become a way of life at Tagore. I sincerely hope you will also be a part of this joyful and fruitful journey along with us. I wish my students good luck for the new upcoming session 2023-24.

Stories are magic and children love them. They can take us on terrific journey. They make us cry laugh and learn life lessons. Students of 3rd & 4th have shown their histrionic (acting) skills and learnt nuances of acting during their journey to perform on the stage.

**Dear Parents**  
 Tagore as an institution stands tall today with a rich culture of academic excellence. Our students have been showcasing grit and determination to excel in each & every new academic session. Improving upon our own achievements has been the 'Motto' of Tagore Institution. School management has always been supportive to the needs and concerns of students clearly indicating the child centric approach. With Madam Manorma Arora a progressive thinker as mentor, school is scaling new heights. We are looking for ward to your support as always to set new higher standards to be achieved and we will make it happen.

We are proud to showcase the glimpses of various activities conducted during the current session. The plethora of events that took place have greatly helped children develop physically and mentally. Your constant support and encouragement have really been instrumental in reaching these standards. The glimpses have painstakingly been compiled for your perusal. Let the team spirit be kindled to give the best to the young artists who have bloomed from young buds into beautiful flowers.
